- Move the cursor to the preferred area, click the left button and input the texts to be displayed.
- Press **Font** to select size, color and style of texts.

PAGE - The entire black background may be used for page layout.

- Move the cursor to the preferred area, click the left button and input the texts to be displayed.
- Press **Font** to select size, color and style of texts.

PICTURE - Press **Load** to open picture file.

- Press +/- to zoom in or out picture.
- Move the cursor to the chosen picture, press left button and drag the PICTURE re-arrange the position of the picture.

Animation Picture .GIF

- The PICTURE can be animation picture with .GIF format file.

- You can't adjust the zoom in/out under .GIF file.
- Please use the .GIF graphical software to make .GIF file.
- The browser (ex: Internet Explorer) has to enable [image display] and [animation].
- For the reason of performance, please design the simpler .GIF file.
ex: 256 colors, Less 200x200 size picture.

CAPTION - Press *Edit* to edit texts on screen. Maximum of 10 texts per segment (total 5 segments).

- Select *Horizontal / Vertical Rotation*, or *Slide* for text movement control.
- Press *Font* to select size, color and style of texts.
- Move the cursor to "Caption Bar", press left button and then move the mouse to alter the position of the Caption Bar.
- Check the [Border] to add border on font. And choose the border color.

CLOCK - Press *Font* to select size, color and style of CLOCK font.

- Move the cursor to the CLOCK, press left button and drag the CLOCK re-arrange the position.
- The clock display depends on computer internal clock running.

< Play Schedule >

Play Schedule allows user to set preferred time-length and played items for screen display.

- There are six periods on the **Play Schedule** at most.
- The input time-length format is **mm:ss** (minute:second). mm: 00 ~ 59, ss: 00 ~ 59.
- The checked Play periods will play after clicking [**PLAY**] button.
- Each period can edit separately TEXT, PAGE, PICTURE, CAPTION, CLOCK .

< PLAY >

The selection includes:

Background: - You can select background with either *BLACK* or *BLUE* during screen display.

- The background setup need to match with CPT-370 background switch setup on rear panel.

Speed: You can select moving speed.

Play: Play the checked periods. Auto-repeat play. Click mouse left-button to stop playing.

About: Show the information about **CAPTION Ver 1.71** .

--- Note ---

- * For the reason of performance, please close the other executing programs (software) first. Especially, anti-virus / MS-DOS mode programs.
- * The demo on the install disk is for 800x600 resolution.
